

公司介绍

KLENZAN-ZECHIN CHEMICALS
(SHANGHAI) LTD

专注于 Focus on

- Providing cleaning and disinfection solutions for food and beverage industry
- Protecting customers' brand reputation
- Ensuring food safety

协同客户 Cooperate with customers to

- Deal with energy, resource & environmental challenges
- Improve production efficiency, energy saving, consumption reduction, cost control, environmental safety, etc.
- Achieve win-win sustainable development

领域及 业优势

Field & Advantage

- Introduce senior operation & service team in the industry

- Water treatment science, chemicals, microorganisms, environmental science and engineering

- Several cleaning and disinfection product lines & new product development

- Establish strategic partnerships with European companies in the industry

发展历程 Development History

- 2007 Established in 2007
- 2010 First factory in 2010
5,000
Gongyi road, Shanghai, Productivity 5000 T/Y

- 2015 Secend Factory in 2015
20,000
Jinxiu road, Jiaxing, Zhejiang. Productivity 5000 T/Y

发展历程 Development History

2019

Third Factory in 2019

100,000

Nanpu district, Tangshan, Hebei.

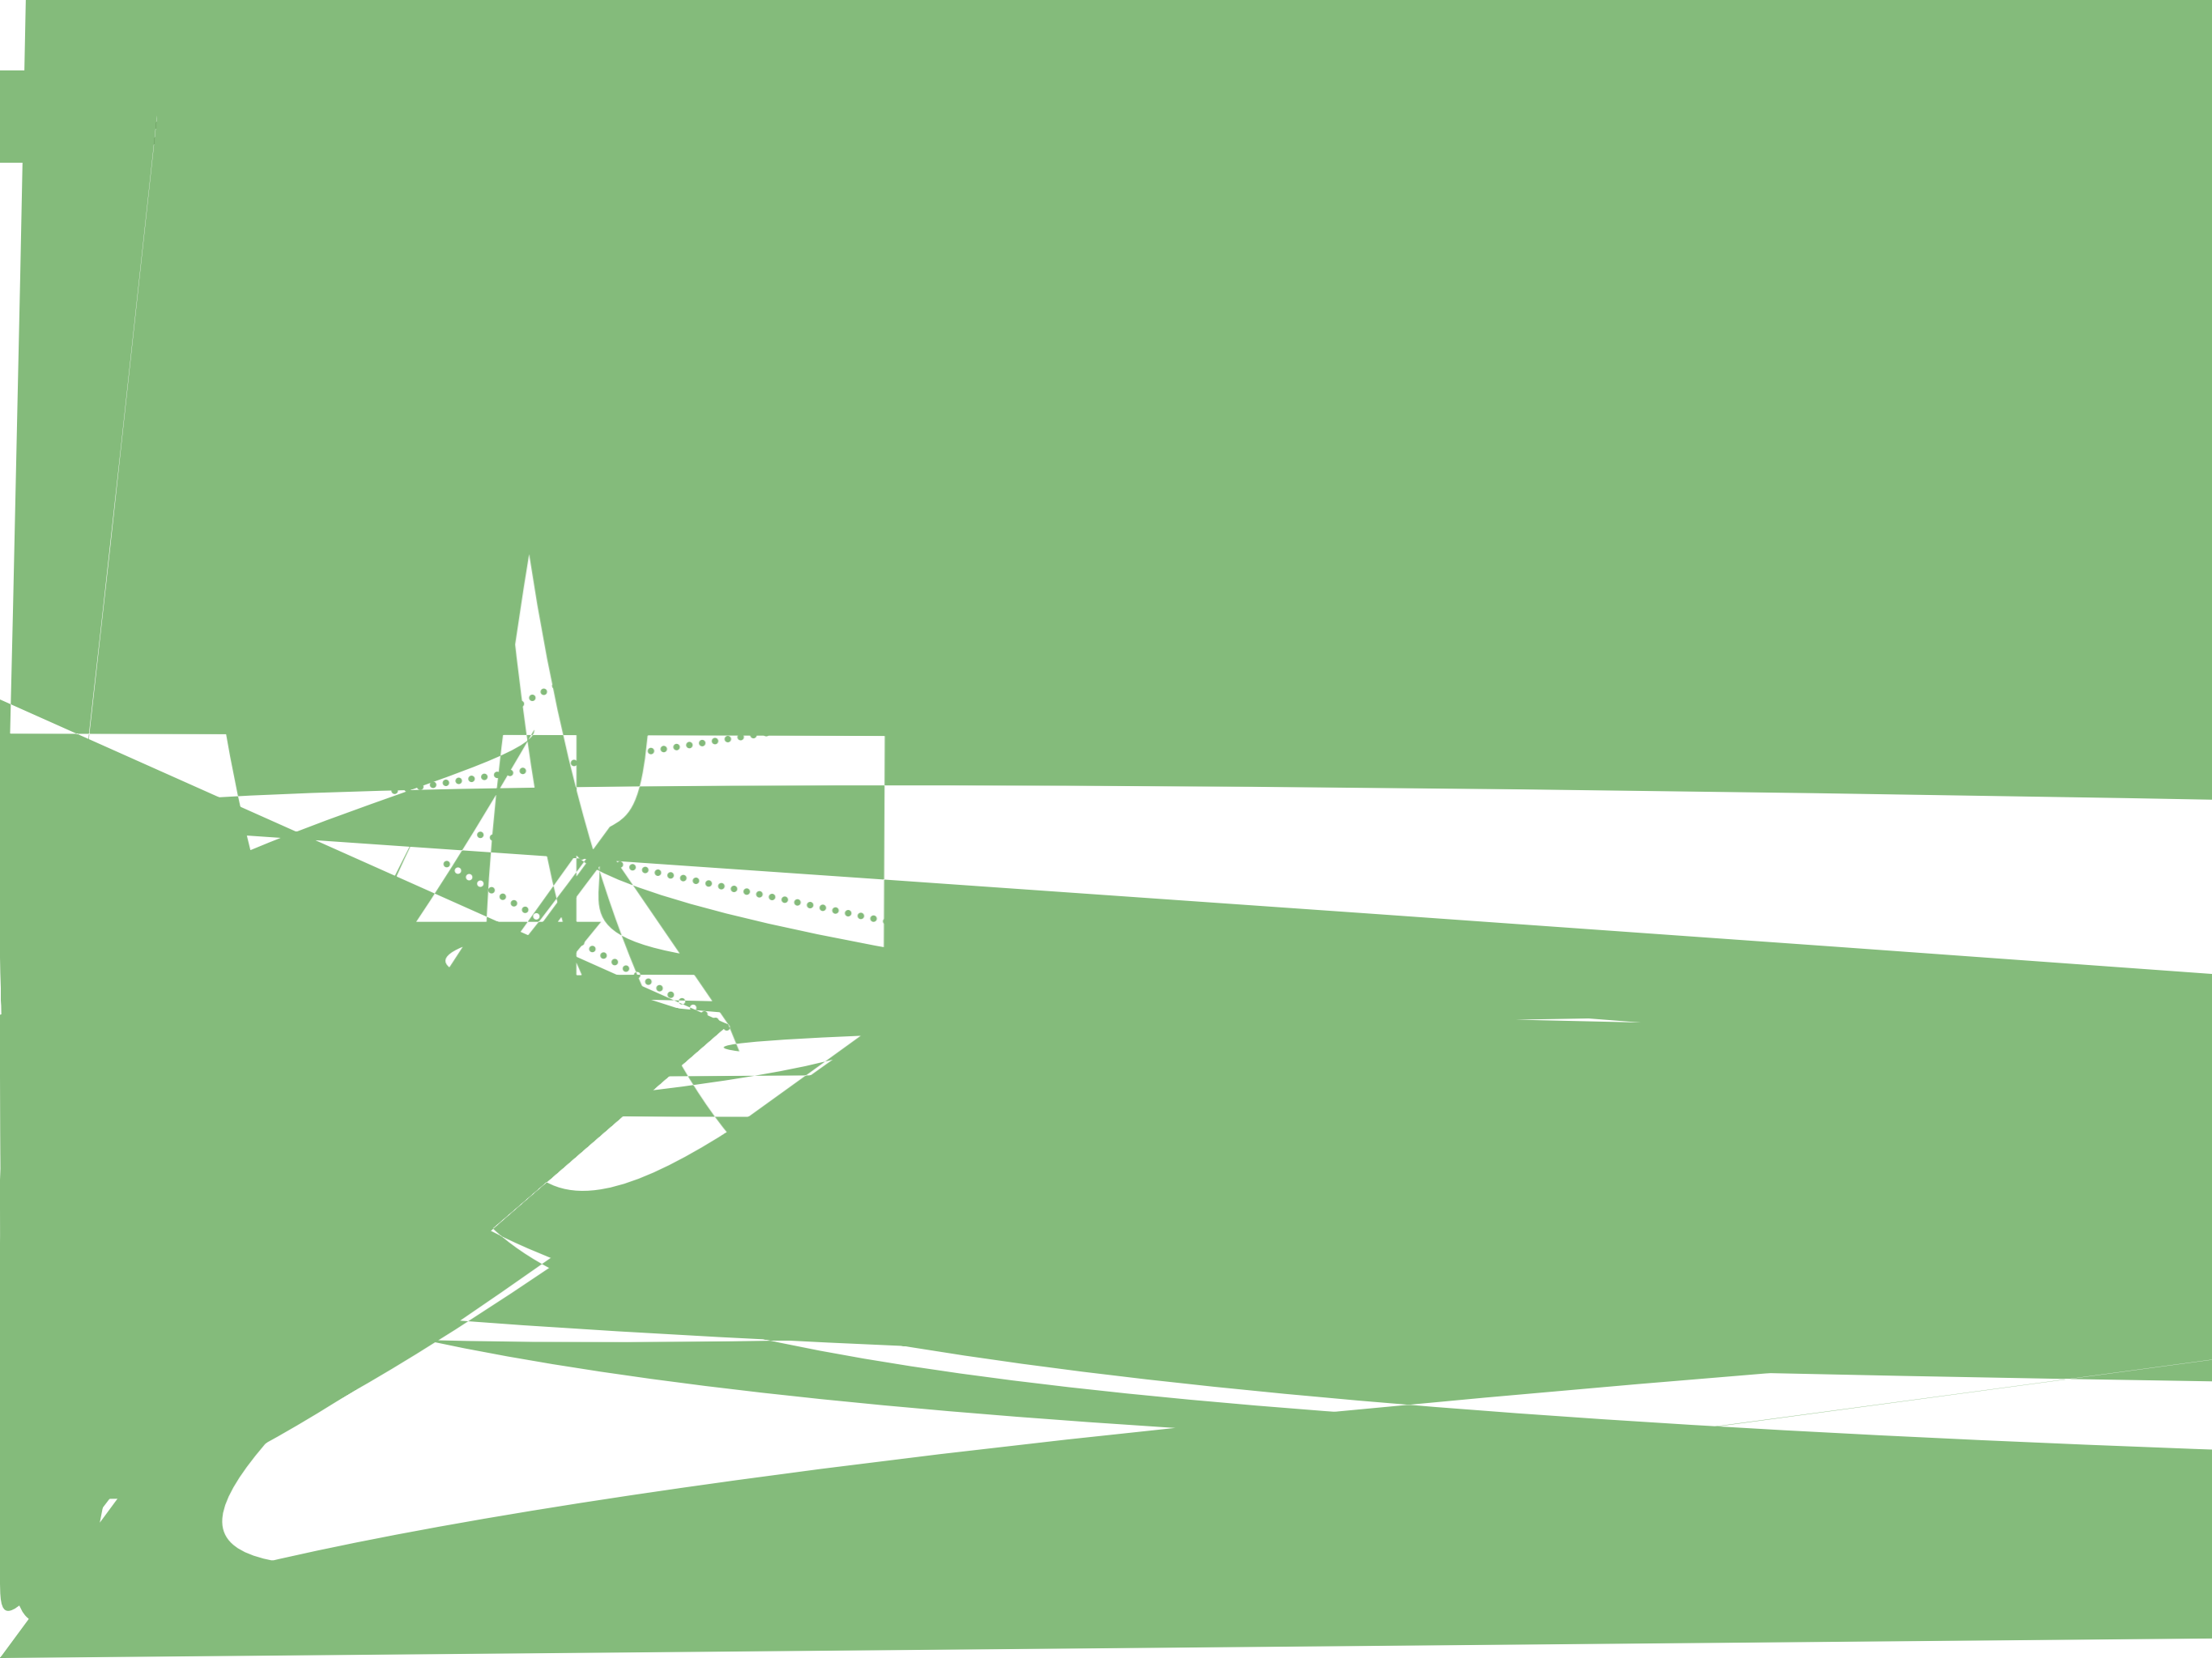

Productivity 10000T/Y

2020 **研发中**

R&D Headquarter in 2020

食品加工 业

全国清洁剂供应商TOP3

TOP3 detergent supplier
in food & beverage industry

我们的业务 What we do

食品饮料业务 F&B business

全系列清洗消毒产品
Full range of cleaning and disinfection products

完善的CIP/COP清洁方案
Complete CIP/COP cleaning solution

执念超越客户的清洁方案

商务洗涤业务 Laundry Business

全系列清洗消毒产品
Full range of cleaning and disinfection products

设备配置
Device configuration

水处理化学品 Water treatment chemicals

系统规划与设计
System planning and design

设备配置专业调试
Professional debugging of equipment configuration

水质化验与检测
Water quality testing

现场评估与技术支持
On-site evaluation and technical support

现场评估与技术支持
On-site evaluation and technical support

食品安全培训 Food safety training

遍布全国的 售团队

National Sales Team

1

由原艺康中国副 经理挂帅
Managed by the former Deputy GM
Ecolab China

2

团队 员80%由原艺康和
80% of the team is com
from the Ecolab and Div

3

食品清 业人均从业 五
十年
The per capita employ
cleaning industry exceed & food
industry exceeds ten ye

4

有能力 业内最完整的 务方案和体系
Enable to implement the most complete
service plan and system within industry

研发及 支持团队 R&D, technical support team

核 区域布局
Core area layout

上海 Shanghai

浙江 Zhejiang

河北 Hebe

Composed of senior fine chemistry experts, microbiological experts, food safety experts, cleaning experts, and water treatment experts

The per capita employment in the food cleaning industry exceeds five years & food industry exceeds ten years

为客户提供专业化的
的服务管理

Provide
customers with
professional
service
management

Comprehensive hygiene and cost control solutions

Service timetable

SOP
SOP cleaning steps

Service report

/
Monthly/quarterly review report

Equipment testing and maintenance

MSDS
Material safety data sheet

/
Product/technical document

为客户提供专业化的
的服务管理-示例

Provide
customers with
professional
service
management -
example

流量监测
Flow monitoring

评估清洗流量是否达标
Assess whether the
cleaning flow is up to
standard

黑光灯排查
Black light inspection

卫生死角排查
Sanitary dead angle
investigation

快速涂抹排查
Quick smear check

清洗、消毒的效果排查
Cleaning and disinfection
effect investigation

内窥镜检查
endoscopy

管路内部检查
Pipeline internal
inspection

为客户提供专业化的支持—理化

Provide customers with professional technical support -physical and chemical

Acid-base, redox, complexometric titration

pH
Conductivity, pH test

Heavy metal, arsenic test

Melting point test

Dirt solubility test

Synthetic standard dirt

Metal corrosion test

Energy spectrum element analysis

Fatty acid analysis

Protein content determination

COD
Water COD, ammonia nitrogen test, sedimentation

为顾客提供专业化的支持—微生物

Provide customers with professional technical support -microorganism

Sterilization and antibacterial experiment

Microbial technology

Heat resistance test

Settling bacteria detection

Growth curve

Biochemical reaction experiment

Microbial isolation and identification

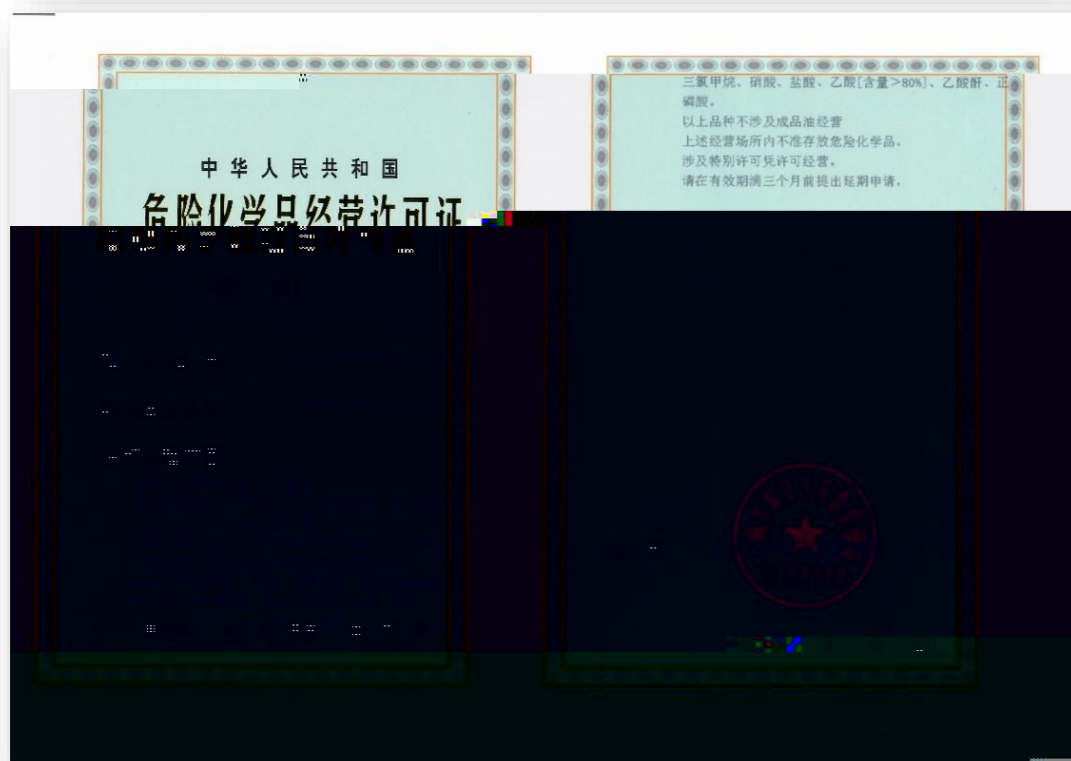

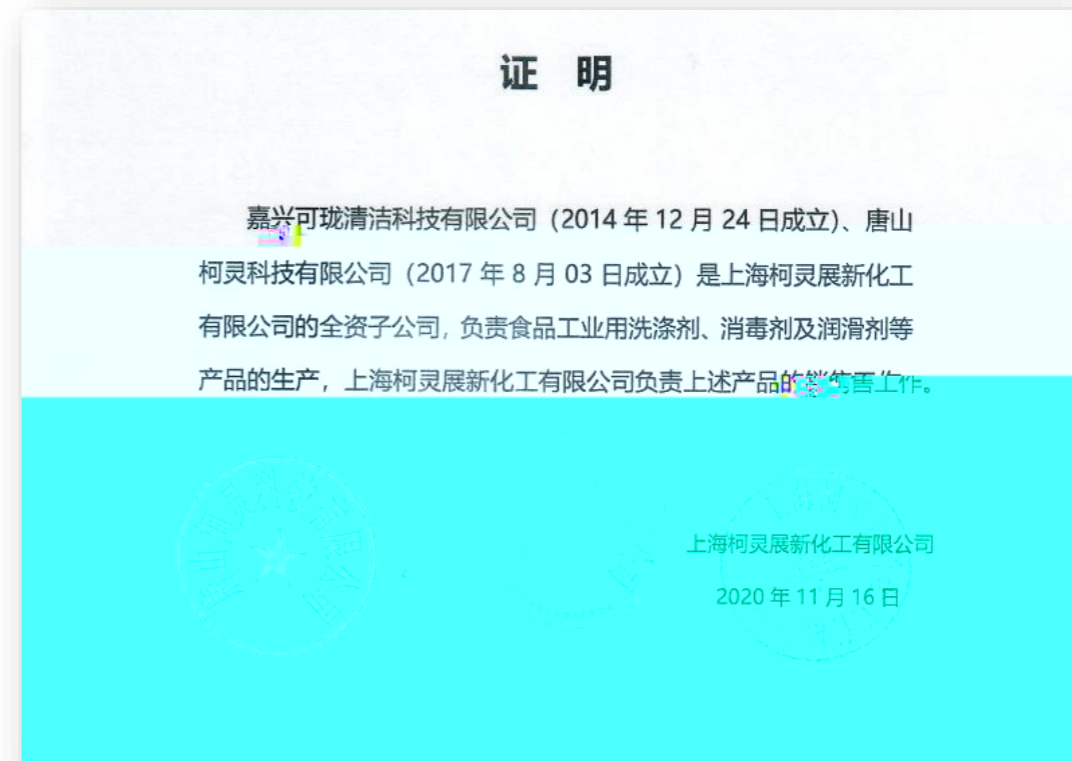

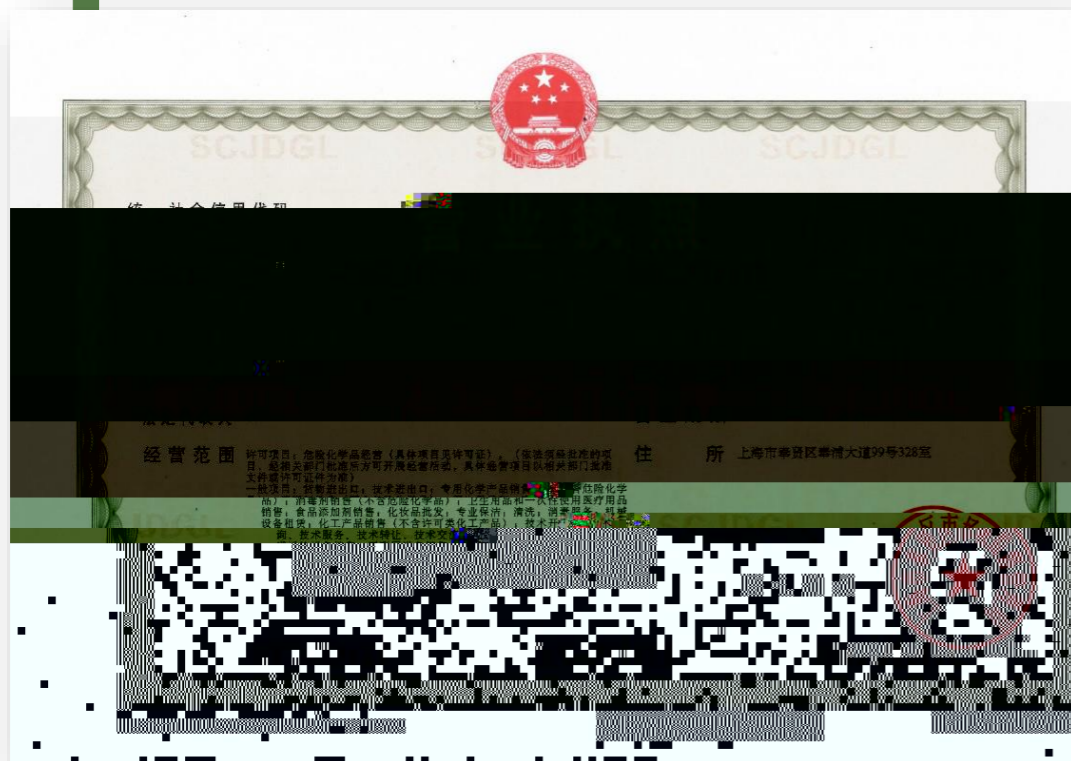

Microscopic examination

Homology analysis, gene sequencing

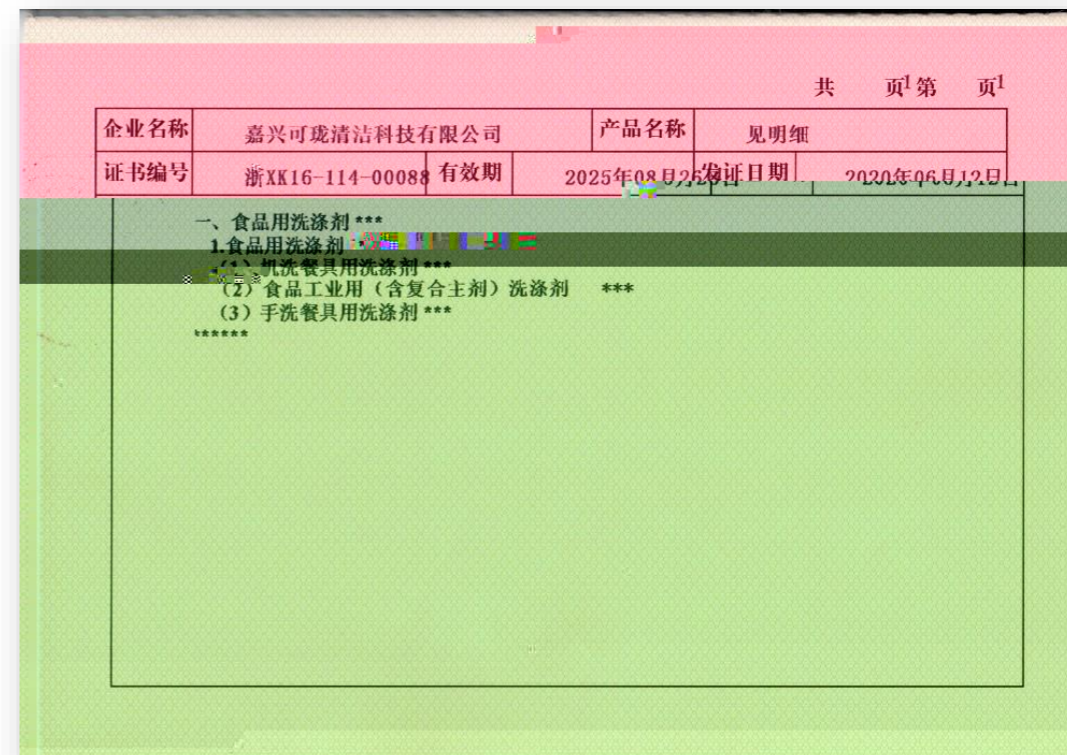

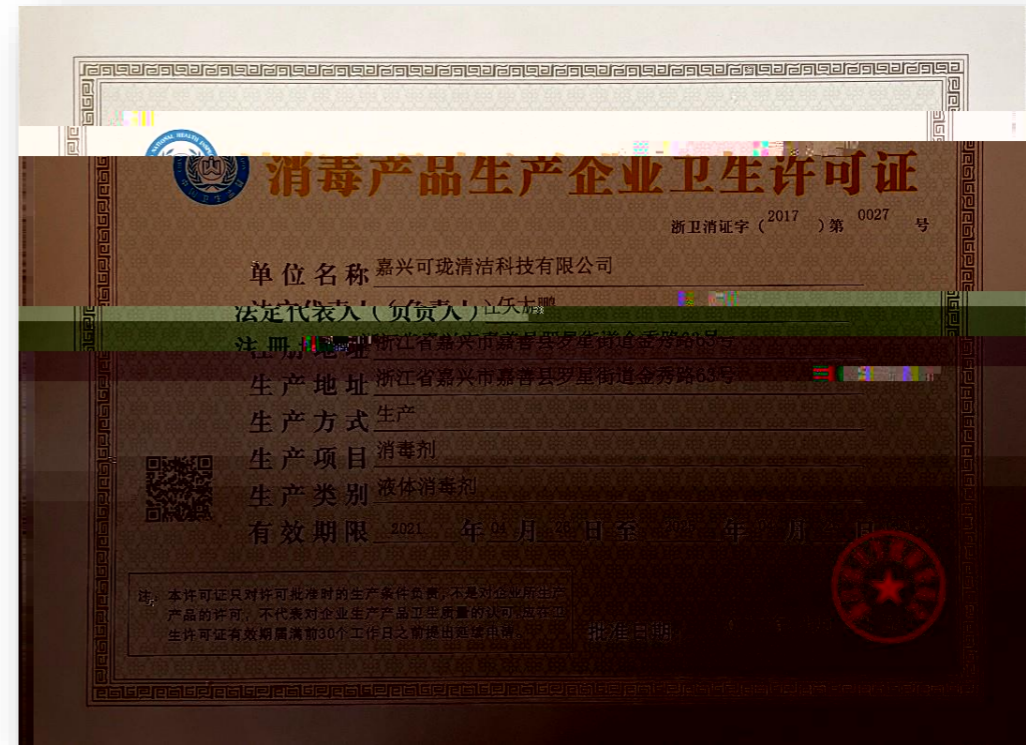

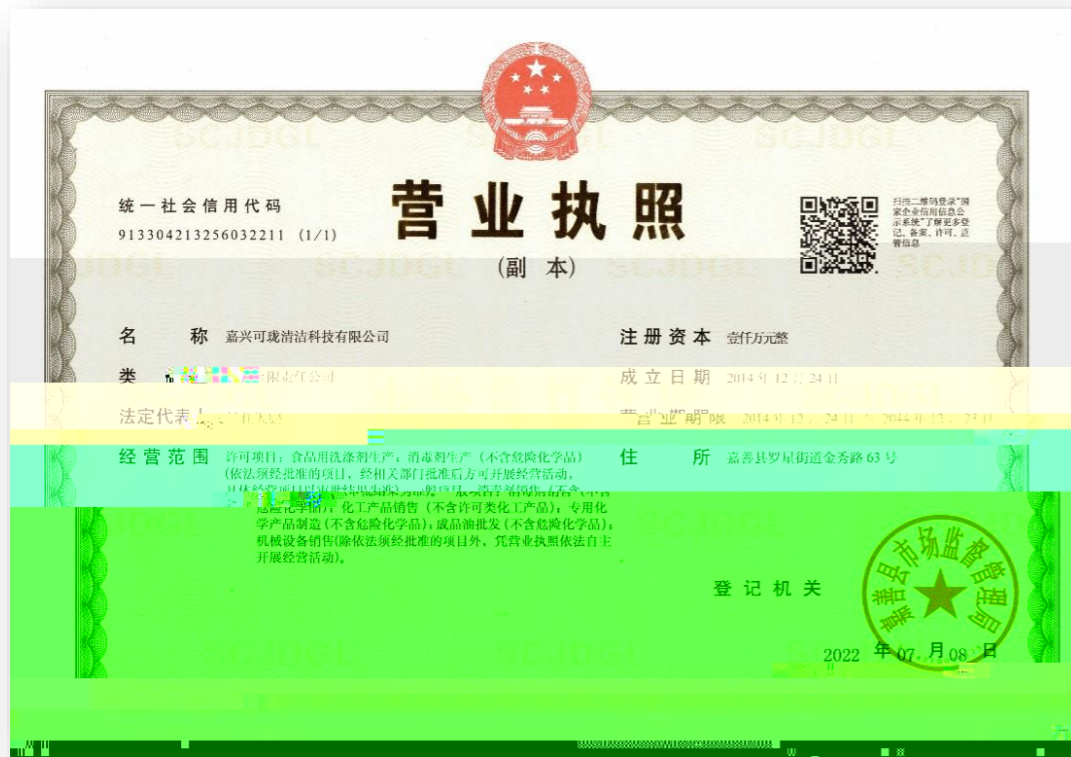

Collection of strains
